THE LANTERN,
PUBLISHED TUESDAYS AND FRIDAYS
J. T. BIGHAM, Editor and Prop.
Entered at the Postoffice at Chester, S. C., as second-class mail matter.
FRIDAY, JANUARY 15, 1904.

Gov. Heyward is decidedly in favor of encouraging the making of good roads and removing obstacles in the way of raising revenue if the people are inclined to do so.

As we predicted, Gov. Heyward did not recommend the increase of the dispensary directors' salaries. The demand for such a useless waste of money was too transparent. The only attempt at an argument in favor of the increase that we have heard or seen is that it would tend to shield those who accept the position from the suspicion of getting a kick-off, which pitiful plea is about equivalent to one in favor of leaving the door open to the thief the burglar from the suspicion of theft.

Chester was the first county in the state to agitate, to any extent, the good-roads movement, and was along with the first in starting actual earnest work at making permanent good roads. And now we have a right to expect of our delegation in the legislature that they go to the front with enthusiasm in all measures favoring good roads. There will be many members "in favor of good roads, but" (also of another term.) They will yield to no one in advocacy of making good roads, if" (the dear people will re-elect them.) Our members are not of this kind. They are in favor of the movement, but we want to urge them to such zeal as to inspire the indifferent and hesitating.

The governor in his message recommends biennial sessions, arguing that very few of the states now have annual sessions of the legislature, and he can see no reason why this state has need for more frequent sessions than other states. Of course the question of economy was mentioned. There is no necessity for a meeting of the legislature every year, and it would not be necessary to have longer sessions biennially than we now have, as most of the actual work is done in the last few days, whatever the length of session. The politicians and those who expect jobs during sessions may be expected to oppose the change, and there are others for whose views we cannot account, some of them honestly seeing obstacles in the way, as they think.

Our suggestion of a commission to note errors and omissions in the written history of South Carolina and the Confederacy and in current writings has been commended by other papers and in private communications. We wish our people could be educated up to the importance of preserving the history in which they are most concerned while it is within our reach and rescuing that which is passing out of reach. Our children are going to be told—for we are already being offered the information in effect—that South Carolina had practically no part in the war of independence; that she furnished very few troops and these saw very little if any active service; that the men who resisted the invader on our own soil came down here from New England.

We are going to sleep over the magnificent record of South Carolina in the Revolutionary war until posterity are taught that it is all a myth.

Is it true that our children are being taught that in certain battles of the war between the states, South Carolina troops behaved in a cowardly manner and that honor for the desperate courage with which they have been credited on those occasions is due to troops from other states?

Have other sections found us so destitute of state pride—that they feel safe in telling the world and posterity that such was the record of our fathers—and shall we meekly permit their imputations to go into history without a protest? Let us inquire and learn what is true, and correct what is false—and let us correct the falsehoods of omission as well as those of commission. The only way to accomplish this is to have suitable men appointed whose business it shall be to take the matter up systematically, and now is the time.

A Unique Souvenir.
Col. J. W. Reed has presented us with a miniature Confederate haversack, made of white duck, 3 3/4 inches square. Gen. Lee's picture, between two Confederate flags, in colors, and resting on implements of war, adorns the front. The shoulder strap is made of dainty red ribbon, and the flap is tied down with a bow of the same. The haversack contains General Lee's farewell address to his army, Father Ryan's Conquered Banner and an acrostic poem on the Confederate States of America.

These souvenirs are gotten up by Mr. R. C. Moseley, a veteran of the Lost Cause, of Winston-Salem, N. C., who will be pleased to mail one to any address receipt of 25 cents.

MAKES WORK EASIER.

Chester People are Pleased to Learn How it is Done.

It's pretty hard to attend to duties with a constantly aching back; With annoying urinary disorders, Doan's Kidney Pills make work easier.

They cure backache. They cure every kidney ill. J. D. Cain, carpenter, says: "My back gave me so much pain at times that I was unable to work and could hardly get about at all. This condition continued for a long time and caused me a great deal of suffering, anxiety and trouble. I finally tried Doan's Kidney Pills which I procured at the Pryor-McKee Drug Co.'s store, my attention having been attracted to them by the strong endorsements made for them and since using my back has not pained me and has gained much in strength. I am convinced of the merits of the remedy and am perfectly willing that my name should be used as a reference."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no other.

LARGER QUARTERS

We need more room. Our business has grown to such an extent that we must have a larger space to display our beautiful goods. We have therefore taken the store next door to us and the carpenters are at work tearing down the dividing wall. There is a lot of

DIRT AND DUST

And unless we get rid of lots of goods now on display, we will have many articles badly soiled.

OUR WHITE SALE

Is just now at its height and we have on display thousands of beautiful UNDERMUSLINS and hundreds and hundreds of yards of new white goods of all sorts. Besides these there are miles of Embroideries and Edgings, Laces and Ribbons all AT LESS THAN HALF THE REGULAR PRICES. We have already sold hundreds and hundreds of these Undermuslins ranging in price, according to material, from 10, 20 and 30 cts.

We must now sell more to make room. Don't delay a minute. Send in your orders at once. Right now.

SPECIAL INDUCEMENTS IN EVERY DEPT.

To further reduce the stock all over the store, we offer special inducements in every department. It will pay you to order right now.

We prepare mail, express or freight on all purchases amounting to \$5.00 or over to any place within 500 miles of Columbia.

W. R. NAIL'S RED RACKET STORE.

Just received another Big Lot of Odd Beds. These beds were bought before the advance, consequently can save you money.

See our Big Stock of Racket Goods, consisting of Notions, Shoes, Hats, Crockery Ware, Glass Ware, Agate Ware and Tinware. Remember these goods do not come to us through the regular credit channels, but from bankrupt merchants and cripple credit concerns. Many of them rated high but who bet their existence on the finger of time and were swept like chaff before the wind. The only thing that saved them was the fact that they were the last of their kind. The hammer of the sheriff does not injure the fabric, but it everlastingly shivers the price. Live and let Live is our motto.

As I am under obligation to keep something in this column of interest to the good people of this county I wish to say that recently

Santa Claus has established headquarters with us and until Further Notice

we will do our best to fill all orders for Holiday goods.

We have received the largest shipment of Candy ever sent to any retail grocer in Chester, from plain stick to the finest Chocolates and Bon Bons, which I will sell at wholesale and meet any price and go them one better.

To the Retail Christmas shopper we will make prices lower than you have ever seen before. We have gotten the quantity, price and all the discounts and mean to cut the life out of the price of EVERYTHING. Nuts, Raisins, the fanciest line of cakes ever shown in Chester

Still selling the finest Cream Cheese for 15c. Macaroni 3 for 25 cents.

Old Fashion New Orleans Molasses. New Crop Georgia Cane Syrup, the finest to be had, at 50c. Flour the best and just a little cheaper than you can buy else.

Premier Flaked Wheat. If you haven't tried it you have missed one of the greatest dainties, wholesome and nutritious, already prepared, only 10c package and a chance at a handsome Wostenholm Carving Set.

The only trouble we have in our tobacco business is we have cut the price too low, they are taking it so fast we run out, but we are getting the best things and will continue the sale as long as our money lasts.

Corn, Bran, Cotton Seed Meal and Oats at bottom prices. What I have been selling standard tomatoes at 10c, I have decided to sell for a short time only the fanciest tomato, none better, at 10c. I must lead.

Yours for kind courtesies and polite service.

There were about 2000 guesses in. Many having guesses did not think to send them in until after the candle was lit and then it was too late.

Dr. G. B. White and Mr. D. J. Macaulay were the judges to award the prize.

Wilksburg School.

Miss Eva Hall has declined to teach the Wilksburg school another term, and Miss Ethel Walker, of Union, has taken her place. Miss Hall has had charge of this school for three years, and the praise which the patrons are bestowing on her is unlimited. The trustees are at a loss for words to express their appreciation. The school has been built up from a very small beginning to its present flourishing condition. The house and grounds have been improved and a centre has been established from which general refinement has radiated. The school pays a comparatively good salary and runs nine months in the year. This is of course due largely to the intelligent work of the trustees and the educational spirit of the community, as so much could not have been accomplished had not the efforts of the teacher met a hearty response from the patrons.

Once a Resident of Chester.

Mr. Theodore D. Kline, general manager of the Central of Georgia railroad, died at the Ds Soto hotel in Savannah Monday morning at 2 o'clock. The remains were taken to Anneton, Ala., where he had recently made his home, for burial. Great honor was paid his remains by people in railroad circles, as well as by a host of others.

Mr. Kline married Miss Eugenia Holst, of Chester, and lived here for some time, his first business venture being here. He was remarkably successful in every business in which he engaged. He began the railroad business at the bottom and rapidly advanced to the high position which he held at the time of his death.

Mrs. Kline survives with a number of children, all of whom are grown.

Rev. J. H. Simpson, of Hickory Grove, was in the city yesterday on his way home from Lancaster.

The Fertilizer Problem Solved.

A special to News & Courier from Spartanburg says the farmers met and discussed the fertilizer question, that they protested against the advance in price. Farmers, you need not pay their price. Be independent of that gigantic combination; make your own fertilizers at home at a cost that will not exceed \$5.00 per ton. You have the material principally in your own houses without having a lot of worthless weight. It is 1750 pounds of ground up egg, 2500 pounds of ground up c, 2500 pounds of ground up s, which is of no value at all. The 2400 pounds of plant food chemicals all you get for \$20.00 and it is worth about \$40.00.

This has come and now is for the farmer to look to his own interest and not be led as sheep to the slaughter by those designing men who care for nothing only profit.

There is a firm in Baltimore who will sell you all the chemicals you want in large or small quantities that does not belong to a trust or combine but to a single man. You can get your chemicals to make one ton of fertilizer at cost of only \$4.00, then you have the best fertilizer in the world, by test. This fertilizer is made by the Lipsy method of mixing fertilizers and represented by John C. Simms, at state agent, now at the Gladden & Gibson house, Chester, S. C. He will give you all the information desired.

Several Reasons Why the JEWELS are the Best Ranges on the Market:

They are very heavy and are substantially and mechanically built, are lined with extra heavy asbestos sheeting, which keeps an even temperature in the oven.

The oven bottom is made in sections so as to prevent warping.

The oven door is perfectly balanced and drops down without a jar, forming a nice broad shelf on which to slide the pans out.

They also have the new broiler attachment and draft feed as well as the dumping ash grate, heavy fire box linings, and a tight warming closet that keeps food warm and moist.

The Jewels have stood the test of time, and are more universally used than any other range. You can find that out for yourself.

Powders. These Powders are wonderfully effective because they create appetite, the digestion is made easier, the bowels are kept open, the system cleansed of all gross humors. The Powders fatten but never bloat.

Ashcraft's Condition Powders are wrapped in doses. In fact, in their preparation in the same care is taken that the patient would exercise in the filling of a physician's prescription. *High-grade* and real merit is the first consideration.

Ashcraft's Powders consist of small doses, prepared from the purest and highly concentrated ingredients. The doses would be found beneficial to horses and mules.
